WORK EXPERIENCES & ACOMPLISHED PROJECTS

- 2024** **Game Development Minor (HHS Zoetermeer)**
In a team of 8 students, we started a project to create a game in Unity using the C# programming language. As the Tech Lead for this project, I ensured that the Game Development Document was in order, maintained clean and functional code, and monitored performance. In addition to this project, there were weekly tracks that you could choose yourself. My chosen tracks were: Game Programming, Artificial Intelligence, Effects and Shaders, Game Design, Level & Sound Design, and Game Production.
- 2022 - 2023** **Video Editor Trainer as Virtual Assistant (Side Job)**
Worked as a Video Editor and Trainer with Adobe Premiere Pro and using Adobe Photoshop to create and edit content for Real Estate agents around the world.
- 2019 - 2022** **The Hague University (Den Haag Hollands Spoor)**
Completed group projects using the Agile-Scrum methodology:
Order system application with Java, Web application project with C# and the ASP.NET framework (MVC), Web application development using ASP.NET, HTML, CSS, JS, React, and SQL Database and Research-oriented project on Myopia.
- 2017 - 2018** **Starbucks Schiphol Lounge 3 (Part time)**
As a Barista, achieved my Barista Certificate and worked as a Barista in Schiphol Airport behind the Customs.
- 2015 - 2015** **Final Traineeship (College MBO 4) at CashDesk in Hoofddorp**
Assistant Web Designer ICT
Coding with Bootstrap, PHP, html, CSS and JavaScript
Managed web designs and worked on the Point of Sale system for CashDesk.
- 2014 - 2015** **2nd Traineeship (College MBO 4) at De Meerkkerk in Hoofddorp**
Assistant Web designer ICT
I was working with a CMS WordPress. Got the opportunity to redesign the organization's website, by using html, CSS and basic PHP and JavaScript.
- 2013 - 2014** **1st Traineeship (MBO 4) at Geolog Surface Logging in IJmuiden & Bijlmer**
Assistant System Manager ICT
Repairing computers, checking backups, connecting cables, installing software and assisting with general ICT problems.
- 2012 - 2013** **Final Traineeship (High School vmbo-k) at Hartman Elektrotechniek in Vijfhuizen**
Assistant Student Electrician
Assisted the electrician with repairing and building electronics in houses and buildings.
- 2011 - 2012** **Traineeship (High School vmbo-k) at Elsenga Installatietechniek in Hoofddorp**
Assistant Student Electrician
High School Traineeship in an Electrical Engineering Company. Replacing light bulbs, building circuits and installing switches.
- 2010 - 2011** **Side job at Jeroen Maas Sports Company BV in Hoofddorp**
Assistant Cleaner, As a child, I helped clean every Friday evening with my father and uncle for extra pocket money and to learn how to work.
- 2009 – Present** **YouTube Partnership Program with Union For Gamers**
As a YouTuber side hobby/job, I record and stream gameplay videos of Mobile and PC games. This started as a hobby, but now I do it as a kind of extra side job.
